Interview Questions

**Q:** What is the name of your Company? Can you describe your company's daily operations, especially in your IT systems and infrastructure?

**A:** -- The name of our company is Linked BPO. Our daily operation includes providing services for our clients in Australia in terms of recruitment mainly in child and health care.

**Q:** What are the types of IT equipment used in your company (e.g routers, switches, PCs, peripherals)? Could we kindly request the lists of IT equipment used in your company including quantities and prices, preferably in tabular format

**A:** --

Internet Provider Routers	N/A This comes upon installation)		
48 Port Gigabit Switches	P15k to 25K		
Wifi Mesh	P2.5K each		
CAT 6 Cables	P5K per box (100meters)		
RJ 45 Connectors	P200 per 100pcs		
Workstations	P25k to 45k (depends on specs and client requirements)		

**Q:** Could you provide a rough estimate of your budget allocation for your IT infrastructure and equipment

**A:** -- 1.5M to 2M on 40 workers roughly.

**Q:** How is your building and workplaces structured in terms of workstation, server rooms, and networking hubs? Would it be possible to request for a copy of the organization's floor plan for academic purposes?

**A:** -- It is always Internet connection to routers to switches to servers to workstation. It will all depend on how you execute them on much your people will be on your work space.

**Q:** Who is responsible for maintaining the company's IT infrastructure, and what are the certain policies and protocols followed for troubleshooting and upgrades.

**A:** -- Our Systems Administrator. This will include maintenance, procurement and administration of all policy related as to what sites cannot be visited installation of software, licenses and such.

**Q:** What are the current challenges you face in your IT systems and infrastructure that you'd like to improve and upgrade

**A:** -- When it comes to equipment, we only have to focus on upgrade. Software, on the latest updates or move to a better one. Connections should always be improve as you add more people in the company.

**Q:** Would it be possible to schedule a future follow up online meeting for further clarification, just in case if needed?

**A:** – Yes. For further inquiries, send me an email at [it@linkedbpo.com](mailto:it@linkedbpo.com) - Mark

**Q:** What is the security policy of your company?

**A:** Security in terms of what? If you are referring to IT stuff, we have Data Privacy Policy, back up, equipment, etc.
